

FOSTERING SUCCESS REACHES ACADEMIC MENTORING RECORD

NAPLES, Fla. (May 2024) – Fostering Success has reached a new milestone for its Academic Mentoring program. The organization has surpassed a monumental milestone by delivering an unprecedented 10,000 academic mentoring hours to foster children in Southwest Florida, a 41% increase from last year's 7,096 hours.

This remarkable accomplishment highlights Fostering Success's unwavering commitment to providing invaluable educational support and resources to those in the foster care system. On average, every time a child changes placement, they fall behind in school six months. Through one-on-one tutoring sessions, Fostering Success aims to keep the child on the path to success.

"Reaching 10,000 tutoring hours is a testament to the dedication of our tutors, staff, and the hard work of the foster children we serve," said Fostering Success CEO, Ann Hughes.

Fostering Success's tutoring program is designed to meet the specific needs of the individual child, helping in various subjects and academic levels. Whether it's mathematics, language arts, science, or even college-level courses like organic chemistry, the Fostering Success team of skilled tutors provides personalized guidance tailored to each student's unique learning style and goals. The students are assessed every six months and have seen 100% of the participants improve in at least one subject area.

The significance of this milestone extends beyond just numbers. It represents countless moments of mentorship, encouragement, and academic breakthroughs that have positively impacted the lives of children in the Academic Mentoring program.

About Fostering Success

Fostering Success provides educational and enrichment opportunities that enable foster children to reach their full potential. The 501(c)3 organization works to fulfill the unmet needs of every child who enters or is at risk of entering the foster care system. Each year over 750 foster children are helped by Fostering Success. For additional information visit www.Fosteringsuccess.net or call 239-262-1808.
